

Curricula

MaivenPoint

Revolutionize Corporate Learning

The Modern Learning Platform
for the Modern Workforce

A Purpose-Built Learning Solution for the HYBRID WORKPLACE

Curricula is a cloud-based learning delivery system that enables organizations to create, manage, and deliver engaging and interactive training modules that fit your team's needs, schedule, and preferred learning style.

Curricula

Curricula is completely integrated with Microsoft Teams, making training user-friendly, collaborative, and immersive, all within familiar tools.

Cover a Range of Topics with Customizable Training Modules

Build, import, or integrate training content that fits your team's specific needs. Whether industry-specific best practices, organizational knowledge, or technology upskilling, you can create modules that are tailored to your team's needs.

Choose the Best Delivery Method for Your Team

Whether self-paced & on-demand or instructor-led & blended, there is a delivery method that fits your training needs. Upload custom content easily or leverage pre-loaded courses to build your training program.

Build Personalized Learning Communities

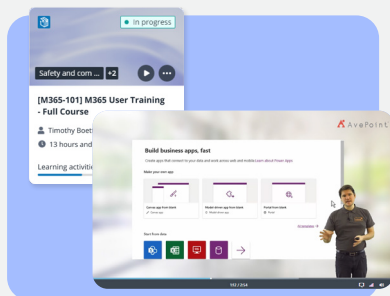

Automatically created in Microsoft Teams, Learning Communities provide a space for users to collaborate, share knowledge, and learn from each other, fostering community and strong connections.

**Great for onboarding
new hire cohorts!*

Double the Value of Your LMS with Microsoft 365 Training

39% of employees are concerned they're not getting sufficient training in digital and technology skills from their employer.

With **Curricula Plus**, our Curricula solution comes pre-loaded with over 1000 hours of bite-sized Microsoft 365 training content, created and updated regularly by product experts. Spanning engaging topics from beginner to expert, Curricula Plus's content can equip your team with essential Microsoft 365 skills and accelerate adoption.

Work and Learn in the Same Place

Completely integrated with Microsoft Teams and Viva Learning, your team can access the training they need, when they need it, without interrupting their workflow. This creates a culture of continuous learning, maximizing the impact for every employee.

A Streamlined Approach to Administration

Learning administration is easy with Curricula's cloud technology, simplifying system maintenance and providing a common process for managing and provisioning services. With attendance tracking, eight different types of assessments, insight reports, Power BI integrations, and data analytics, organizations can easily track progress and manage employees' learning journey.

Training on Anything, from Anywhere

Engaging onboarding? Got you covered. Reskilling employees? Got that too. Conducting mandatory compliance training? Curricula can do it all. With easy-to-create training modules and learning paths, Curricula gives users the tools they need at their fingertips to thrive in their roles.

Maximize Learning, Maximize Your Microsoft 365

Curricula seamlessly integrates learning, working, and collaborating in Microsoft 365, without the need for additional software or complicated workflows. This integration enables employees to access training more easily, increasing engagement and improving learning outcomes. With Curricula, employees can get the most out of their learning while businesses make the most out of Microsoft 365.

The image shows a woman with dark curly hair, wearing a blue t-shirt and a maroon cardigan, sitting at a desk and typing on a laptop. Overlaid on the image are two screenshots of the Curricula learning interface. The top screenshot shows a 'Teams' sidebar with a list of training modules, including 'Session 1 - Getting Started', 'Session 2 - Coaching', 'Session 3 - Performance Management', 'PowerPlatform Champions Group 01', 'JORA 24-4 - Q1 New Hire', 'M005 - My Company - Training and...', 'M005-101 - Department A', 'M005-101 - North America Content', '1700-101 - MS: Laws third period Ed...', and '100-101 - Power Platform Champions'. The main content area shows 'Session 1 - Getting Started' with a 'TakePoint Playbook' and a 'Submit' button. The bottom screenshot shows a 'Welcome to AvePoint!' video player with a progress bar at 0:00 / 33:41. The video player has a title '1. Welcome to AvePoint!' and a duration of 35 minutes. The video content shows a man speaking, with text overlays: 'Welcome to AvePoint! We're so glad you've joined us in this introductory video, hear from our Chief Brand Officer, Dick Ky, as he provides an overview of the company history, culture, our mission, values, and more.' and 'When you've finished watching the video (or if you've had an in-person presentation already), click Complete below.'
